We are so excited to see you!

Due to face masks requirements, we will slowly be adding classes back in that are lower exertion formats.

***To help promote safety and physical distancing, class sizes will be limited to:**

10 participants in the MPR

15 participants in the Fit Gym

All classes will be first come, first served.

We encourage participants to bring their own mats and towels if possible.

****Face masks are required to be worn throughout the facility, including in group exercise classes.***

Class Descriptions

Chisel - All Levels

All the best strength training and muscle toning exercises rolled into one burner of a class. We use a variety of equipment to help provide an effective and fun workout.

Fusion - All Levels

Challenge your body in this muscle-strengthening, mild cardio class. This class fuses together body sculpting, mild cardio movements, and stretching to help students feel their best. 50 minutes of wake-you-up fun!

Low Impact Aerobics - All Levels

This low impact class will safely increase all areas of fitness for the beginner or those looking for an "easy on the joints" workout. This class uses steps, hand weights, mats, tubes, stability balls, weighted bars and glide discs.

Pilates / Barre - All Levels

Pilates is a form of low-impact exercise that aims to strengthen muscles while improving postural alignment and flexibility. The results will transform your body. **Barre** combines pilates, yoga and ballet to give you lean, sculpted muscles without impact! Barre is based on ballet's high rep principles to increase muscle strength and endurance while improving your mind-body connection.

Powerhouse - All Levels

You want tough, gritty lifting sessions? Powerhouse is your answer. Build muscle strength and definition using the most current weight lifting principles including: progressive overload technique, "running the rack" and super sets. Your body will adapt to the constant challenges by getting leaner and stronger.

Simply Stretch - All Levels

Stretching is an important component to your overall well-being. Stretching increases flexibility and range of motion and helps prevent injury and muscle soreness. It also helps improve posture and is a great stress reliever! Finish your mornings with a 30 minute stretch class!

Yoga - All Levels

Yoga focuses on creating a sense of inner calm, relaxation and overall well-being by offering a combination of movements, breathing techniques and meditation to help create strength and flexibility on and off the mat.

Chair Yoga - PRE-REGISTERED CLASS

Chair yoga is a gentle form of yoga that is practiced sitting in a chair, or standing using a chair for support. This format is easy on the joints and reduces strain on the muscles while helping to increase balance!
