

E 2nd Street Sidewalk Closure

All,

Beginning Monday, October 12th, the contractor will begin removal and replacement of the southern sidewalk of E 2nd Street (from Main Street to State Street). In order for the contractor to perform this work, a full sidewalk closure will be required. With the sidewalk closed, all business and apartment access will be achieved through temporarily rockered access points, allowing for pedestrians to safely cross the closed sections of the sidewalk. In addition, the alleyway will have limited access from the south, as vehicular traffic will not be able to enter the alley from E 2nd Street. This work is expected to take **two (2) to three (3) weeks**, weather permitting. Below you will find a map of the closure area.

Sincerely,
Benjamin Claypool, Civil Engineer II, PhD, EI
