

April 11, 2022

Beginning Monday, **April 18th, 2022**, the contractor will begin removal of the existing roadway to begin the underground utility work, including new water main and storm sewer. In order for the contractor to begin removal, a full road closure will be required. Depending on the weather, the closure of this block will be in effect for **ten (10) to twelve (12) weeks**, at which point the street will be reopened to traffic. Below, you will find a map with the closure area highlighted.

For safety's sake, please stay away from the fenced-off construction area. During the closure, temporary pedestrian access will be maintained by providing a fine-gravel walkway from each doorway to the temporary access walks.

If you want additional information about the Downtown Streetscape and Reconstruction Project, please visit the project web page at: www.cedarfalls.com/downtown. To receive weekly updates regarding the construction progress, sign up for email notifications at www.cedarfalls.com/notifyme. You can also follow the City of Cedar Falls on Facebook @citycf.

If you have any questions or concerns during the course of construction you may contact Ben Claypool by phone: 319-243-2704 or e-mail: Benjamin.Claypool@cedarfalls.com
