

All,

Beginning **Thursday, August 1, 2019** the contractor will be tying new storm drain for Cedar Heights Drive into the existing storm drain along Rainbow Drive by closing the eastbound lane of Rainbow drive near the intersection of Cedar Heights Drive. In order for the contractor to begin pavement removal, a single-lane closure will be required. The road closure will be in effect for **two (2) to three (3) weeks**, depending on the weather.

For safety's sake, please stay away from the construction area. Heavy equipment will be moving back and forth on the closed street. It would be advisable to stay behind the sidewalk on the property side during the reconstruction work.

If you want additional information about the 2019 Street Construction Project, please visit the project web page at www.cedarfalls.com/StreetConstruction

If you want to receive road closure notices by e-mail, visit www.cedarfalls/notify and follow the instructions for road construction as shown.

If you have any questions or concerns during the course of construction you may contact me by phone, fax or e-mail as listed below.

Thanks,
Ben Claypool, PhD, EI
Civil Engineer II
